What's behind our #1 rating?

Builders and remodelers across America know certain things to be true of CertainTeed. For starters, we've been in the roofing business for over 100 years and we have thousands of satisfied homeowners. The process of building that satisfaction begins the moment you turn to us.

CertainTeed offers you the broadest range of color and style choices. But you'll see it's not style over substance. You'll get a roof that's made from the highest quality materials and backed by a strong warranty program. It's our promise to you: quality made certain, satisfaction guaranteed.

An impressive slate of performance certifications

Symphony is U.L. 2218, Class 4 impact resistant, and with the appropriate underlayment achieves a U.L. Class A fire resistance rating. Both ratings are the highest available.

Specifications

Enjoy the extra confidence of SureStart™ Protection

Your Symphony warranty is strong on its own. But, you also get the added confidence of SureStart™ protection. That simply means if a manufacturing defect occurs that directly causes leaks within the first 7 years, call us. Upon inspection, we'll cover labor and material replacement costs at 100%.

#1 rating

long-term protection

We've put green thinking behind our shingle and environmentally sound manufacturing ahead of standard industry practices to produce a product line that is green and growing.

CertainTeed is committed to resource conservation. Our roofing manufacturing facilities recycle close to 90% of the production waste into asphalt materials used for the construction of roads. We also integrate recycled content into many of our packaging needs including corrugated rolls and kraft paper.

They're small steps in a big world. But we're green and growing everyday. It's a commitment we take seriously at CertainTeed.

NOTE: Due to limitations of printing reproduction, CertainTeed can not guarantee the identical match of the actual product color to the graphic representations throughout this publication.

Symphony[™]
Slate Series

For Perfect Harmony, Start With A Fresh Slate

Symphony[™] is a masterpiece of synthetic slate design with enduring qualities of tooled craftsmanship, natural beauty, and harmony.

a bold movement in design

Chiseled elegance. Timeless refinement. Symphony soars above the ordinary with a stunning statement in good taste that recreates the craft of the slater's hammer in impeccable detail. Fine lines. Earthen tones. Gradations of stone on stone.

a technological triumph in performance

Remarkable lightness. Incredible strength. Symphony orchestrates the ideal cross between art and science with a synthetic slate shingle that outperforms on ease of installation, and resistance to cracking and cold. And all at a fraction of the cost of slate.

Colonial Gray

Capital Blend

a quarry of colors

Explore Symphony's authentic earth palettes. Colonial Gray in a blend of gray shaded shingles and Capitol Blend, complete with plum, green and gray shingles.

synthetic slate composite

Symphony is a specially-engineered composite shingle that very closely resembles natural slate, with a durability that exceeds other alternatives on the market.

- Excellent weathering capabilities for long life
- U.V. fade resistant surface technology for superior color stability

tough on top

Symphony goes on solid and stays shatter resistant unlike slate that can shatter when walked upon or in cold weather. Also means easier installation and less waste. And with CertainTeed's 50-year limited warranty, you're assured your roof will perform for generations to come.

faster, more efficient installation.

Symphony's advanced formulation is much lighter than slate. It's easier to install. There's less prep work and less of a chance that your property will be disturbed. And with its accurate nailing guides, you're ensured better alignment, consistency and a perfect fit.

a treasured investment

Exceptional value. Guaranteed endurance. Symphony plays to your good sense with an exceptional value that is a fraction of the cost of installed slate.
